

netTrekker® GRADES K-12

netTrekker® is really a parent's friend...it offers real peace of mind.

Finding trustworthy sources on the Internet can be difficult. netTrekker® delivers digital learning resources with only the best content from the web so that teachers, students, and parents can find what they need, all in one place, in a fraction of the time.

How netTrekker® works...

Empower learning with engaging, relevant digital resources

- Support all K-12 subject areas with engaging digital resources in a variety of types and formats.

Empower parents to find exactly what they need

- Easily sort and refine by reading level, grade, format, subject, multi-media type, language and recommendations

Empower students to learn independently

- Enable students to instantly find the resources they need for homework and projects.
- Spark creativity with a safe, school-friendly image search.
- Increase understanding with read aloud text-to-speech support, the dictionary/translation hot key,

How netTrekker® helps...

- Empower students and parents to find the exact resources to meet individual learning needs, quickly and in one place.

Quick Start Steps

1. Go to: <http://school.nettrekker.com> using your PA Cyber alphanumeric username and password and **Login**.
2. When first entering netTrekker® you will be prompted to accept your profile to activate your account.
3. Select your name in the upper right corner to **Edit Your Preferences** to the correct **Academic Level** and **Save**.
4. Select the **camera icon** in the upper right corner to learn how to navigate netTrekker®.
