

PA CYBER'S SCHOOL LIBRARY GRADES K-12

Looking for something to read?

OverDrive®

PA Cyber's School Library allows you to search for physical, audio and e-book resources at your fingertips. Using OverDrive®, you can locate resources in our personal and collaborative digital collections. All you need to get started is an internet connection, StudentID and a password.

How the School Library works...

Search for a book, enjoy the book and return the book. Repeat.

Students have two ways to check out books.

1. Reserve a physical book to receive by US Mail and return in a postage-paid envelope by the due date.
2. Search for an e-book through OverDrive® and instantly read in a browser or download to any reading device.

Request for renewal or extension by emailing thelibrary@pacyber.org.

How the School Library helps...

- Provide easy access to physical resources that improve their vocabulary.
- Use your StudentID and password to read e-books anytime or anywhere.
- Reading books encourages your child to use their imagination.
- Enrich the learning experience by engaging students by choosing to leisurely read rather than any other activity.
